

Double Daily Schedule.

The A. & St. Andrews Bay Railroad inaugurated a double daily passenger schedule over their road the first inst. which gives both the people at Dothan and Panama City and all points along that line most excellent travelling facilities.

The trains leave Dothan at 11:25 A. M. and 3:25 P. M., returning, arrive at Dothan at 10 P. M. and 11:50 A. M. The new train leaves Panama City at 6:30 A. M.

In this connection we are glad to state that a mail car with a clerk will be put on this road about the 15th inst. Chief clerk of the Railway Mail service, J. A. White, is in the city arranging for the inauguration of this new service.

Panama City people, who have been suffering so long for a decent mail service, will be delighted when these improvements go into effect.

Ringling Bros. Circus is showing this week in North Carolina. They are billed to appear in Atlanta on the 23 inst. The small boy of Dothan will look with expectancy for an amusement of some big show coming to Dothan this fall.

The Dothan Postoffice and How Its Business Grows

The receipts of the Dothan Post Office continue to grow, notwithstanding the panic which has prevailed for nearly a year past.

We learn, through postmaster Trammell, that the two past quarters show a gain over the corresponding six months of 1907, of \$752.58, or 14 per cent gain.

This is indeed a fine showing for the postoffice, in view of the fact that last year, up to the time of the panic was considered an easy and prosperous period in all financial circles.

The explanation of this increase is found in the fact that Dothan is increasing in its volume of business, while all the country is complaining of hard times. It takes more than a Wall street money disturbance to stop this city from growing and becoming a greater commercial center each year.

Bankhead Coming.

Senator Bankhead is to be here on Friday week, the 10th, and will speak at the court house at ten o'clock. A more extended notice will be made at a later date through these columns.

Didn't Slip Off.

In speaking of the marriage of Mr. Tedder and Miss Folkes last week, we referred to it as taking place without the knowledge of the parents, but we are informed that there was no parental objection, on either side, and their parents knew of the marriage. We wish them much happiness.

Freight Rates.

The committee from the Commercial Club composed of S. A. Stapleton, C. J. Faulk and E. L. Layfield who went to Montgomery Saturday morning to confer with the traffic managers of the Central and Coast Line Railroads, have returned home. They went seeking a readjustment of the freight rates to Dothan, and report the outlook very promising. The committee will submit its full report of the conference at the regular monthly meeting of the Club Thursday night.

Week of Prayer.

The Home Mission Society of the Foster Street Methodist Church will have a week of prayer. The services will begin Tuesday evening at three o'clock, and will be held every afternoon at that hour, in the Methodist church, till Wednesday. All the ladies of the Methodist church are requested to be present.

MEN'S COATS WITH VENTS

THEIR POPULARITY!

Several seasons ago the demand for vents was so great that scarcely any "ventless" garments were sold. It takes more skillful tailoring and more time to make a coat with a vent, and therefore many manufacturers discouraged its use, but good dressers know what they want, and their demand was insistent, and the vent again reigns supreme.

We keep our ear close to Fashion's tracks, and keep our stock "primed" to Fashion's most advance behests! This HIGH ART model is a beauty - tailored superlatively well in choicest patterns, it catches the eye and appeals to the taste, and makes its owner feel well groomed!

No Need to Worry

The other night I had her husband pacing up and down his dressing room in an evidently perturbed state of mind.

"What," he called out, "aren't you coming to bed?"

"No," was the curt reply. "Awakened after her best sleep, I find Mr. Smith still pacing up and down like a caged animal. She called out, 'What is the matter?'"

Matter could be applied her husband in a

The Types of Cats

There are a number of classes of Persian cats. The first is the Persian, which is a very large, long-haired cat, with a very thick coat. The second is the Siamese, which is a smaller, shorter-haired cat, with a very light-colored coat. The third is the Burmese, which is a medium-sized cat, with a very short, sleek coat. The fourth is the Egyptian, which is a very small, short-haired cat, with a very light-colored coat. The fifth is the Abyssinian, which is a very small, short-haired cat, with a very dark-colored coat. The sixth is the Turkish, which is a very small, short-haired cat, with a very light-colored coat.
